

LAWRENCE COUNTY HEALTH DEPARTMENT

Food Service Inspections

1/3/23-1/31/23

The health department divides food service code violations into two categories; critical and non-critical.

Critical violations are more likely than other violations to contribute to food contamination, illness and/or injury.

Non-critical violations, although important to the overall good hygiene of the establishment, do not necessarily present an immediate threat to food contamination, illness and/or injury.

A report for each establishment that is inspected shows the number of critical violations, along with a short statement as to the nature of the violations. The report also shows the number of non-critical violations but doesn't list the nature of those violations. More information may be obtained by looking on our web site www.lawrencecohealth.com.

* = Items corrected on the spot.

** = Sent to the Prosecuting Attorney

= Establishments that have obtained a **star rating**. These establishments received zero (0) critical violations during their pre-opening, change of ownership, routine, or complaint inspection.

The Kings Tacos	Miller Elementary School	Mt. Vernon High School
Pate Early Childhood Center	Miller High School	Orscheln's
Aurora Robinson School	Monett Elementary	Mt. Vernon Walmart
Aurora High School	Monett High School	Pierce City Elementary
